

Agreement for Option to Lease

Land at Thornholme Moor, East Riding of Yorkshire

Landlord	Thornholme Estates LLP (registered OC418822)
Tenant	Thornholme Renewables Ltd (company no. 11234567)
Property	188 ha edged red on Plan TH-RL-01 at Thornholme Moor, YO25 3QF
Title number	YEA 552310 (freehold, registered)
Dated	9 February 2026

1. Definitions and interpretation

1.1 In this Agreement: "Option" means the option to take a lease of the Property granted under clause 2; "Option Period" has the meaning given in clause 3; "Lease" means the lease to be granted in the form of the draft annexed at Schedule 1; and "Generating Station" means an onshore wind electricity generating station and all associated infrastructure.

1.2 Clause headings do not affect interpretation. References to a party include that party's successors and permitted assigns. Where the context admits, the singular includes the plural.

2. Grant of option

2.1 In consideration of the Option Fee, the Landlord grants to the Tenant an exclusive option to call for the grant of the Lease of the Property for the purpose of constructing, commissioning and operating the Generating Station and associated grid connection works.

2.2 The Option is personal to the Tenant but may be assigned to a member of the Tenant's group or to a funder by way of security without the Landlord's consent.

3. Option period

3.1 The Option may be exercised by the Tenant serving an Option Notice on the Landlord at any time during the period of five (5) years from the date of this Agreement (the "Option Period").

3.2 If the Option is not exercised before the end of the Option Period it shall lapse and the parties shall be released from further obligation, save for accrued liabilities.

4. Term of the lease

4.1 Upon exercise of the Option, the Lease shall be granted for a term of fifteen (15) years commencing on the date of exercise. The Lease contains no contractual right of renewal and is excluded from the security-of-tenure provisions of sections 24 to 28 of the Landlord and Tenant Act 1954.

4.2 The Tenant shall yield up the Property at the end of the term in accordance with the decommissioning obligations in clause 9.

5. Rent and review

5.1 The annual rent reserved by the Lease shall be £950 per hectare of the Property, payable quarterly in advance.

5.2 The rent shall be reviewed on each fifth anniversary of the term commencement date in line with the Retail Prices Index, upward only.

6. Demised area and plan

6.1 The Property comprises 188 hectares of agricultural land shown edged red on Plan TH-RL-01 (Revision C). The Tenant is granted rights of access over the coloured-brown accessways for construction and operational traffic.

7. Tenant covenants

7.1 The Tenant covenants to use the Property only for the permitted use; to keep the Generating Station insured to full reinstatement value; to comply with all statutory consents; and to indemnify the Landlord against third-party claims arising from the Tenant's works.

8. Landlord covenants

8.1 The Landlord covenants for quiet enjoyment and not to grant competing rights over the Property during the Option Period that would frustrate the development of the Generating Station.

9. Decommissioning and reinstatement

9.1 On expiry the Tenant shall remove all above-ground plant and reinstate the Property to agricultural use, and shall maintain a decommissioning bond from year ten of the term.

10. Governing law

10.1 This Agreement and the Lease are governed by the law of England and Wales and the parties submit to the exclusive jurisdiction of the courts of England and Wales.
