

Development Consent Order EN010142

The Thornholme Wind Farm Order 2025

The Secretary of State for Energy Security and Net Zero, having considered the application and the Examining Authority's report, makes the following Order under the Planning Act 2008.

Article 2 — Development consent is granted for an onshore wind generating station with an installed capacity of up to 420 MW, comprising up to 80 turbines, on-site substation, and grid connection works at Thornholme Moor.

Date of decision: 3 November 2025. This Order comes into force on 24 November 2025.
